Profile

Education B.E. in Artificial Intelligence & Data Science Global Academy of Technology, Bangalore | 3rd Year | Expected 2027

Experience

Machine Learning Intern - System Tron | 4 Weeks Worked on supervised learning models and ML workflows. Handled datasets, preprocessing, and evaluation metrics. Implemented practical ML model pipelines.

Skills

Programming

C, Python, Java, SQL, JavaScript

Web & Full Stack

HTML, CSS, JS, P

AI & CS Fundamentals

Machine Learning, DSA, Algorithms, Problem Solving

Tools & Frameworks

Apache Spark (Java), Git/GitHub, Cloud Basics

Custom

Projects

• Machine Learning Prediction System – Python, Pandas, NumPy, Scikit-Learn
• Portfolio Website – HTML, CSS, JavaScript, PHP

Certification

• Programming using Java — TechAcharya
• Apache Spark for Java Developers
• CompTIA Network+ (In Progress/Completed)
• Front-End Development
• Full Stack Development
• Machine Learning

Strengths

• Analytical & Logical Thinking
• Quick Learner & Adaptable
• Self-Driven & Consistent
• Team Collaboration & Communication
